PRINT PRODUCTS

Print products are sold separately. However, the print release allows you to print wherever you choose.

Prices exclusive of sales tax.

"I really appreciated Emily and Michael's happy personalities, professionalism, and patience. On our wedding day, Emily and Michael showed up on time, got right to work, and kept going until the night was over. I would recommend them to anyone hoping to capture something special!

- Audrey & Josh Goodlow

“
“Gruene Photography is absolutely amazing! We chose Emily for our engagement and wedding pictures, and we could not have chosen better. Emily and Michael were so much fun and made everyone comfortable the day of the wedding, we truly felt like they were part of the family. The quality of the photos are phenomenal! I cannot recommend them enough!”

– Tara & Jordon Reese

The Experience

FIRST LOOK OPTIONS

We love first looks! We've found that not only does a first look give a couple a chance to spend some time alone with each other, it helps reduce the nervousness that can come with the wedding ceremony so they can be more relaxed when that time comes. And of course, we can get some amazing photos in a beautifully lit location that is completely private -- far from your guests, wedding party or family. Of course, the choice is completely yours!

SECOND WEDDING PHOTOGRAPHER

There are moments during a wedding where it's very challenging for one photographer to completely cover. There is no way to capture the rings being exchanged, and at the same time, turn around and get the tear in mother's eye. That's why all of our packages include a second photographer.

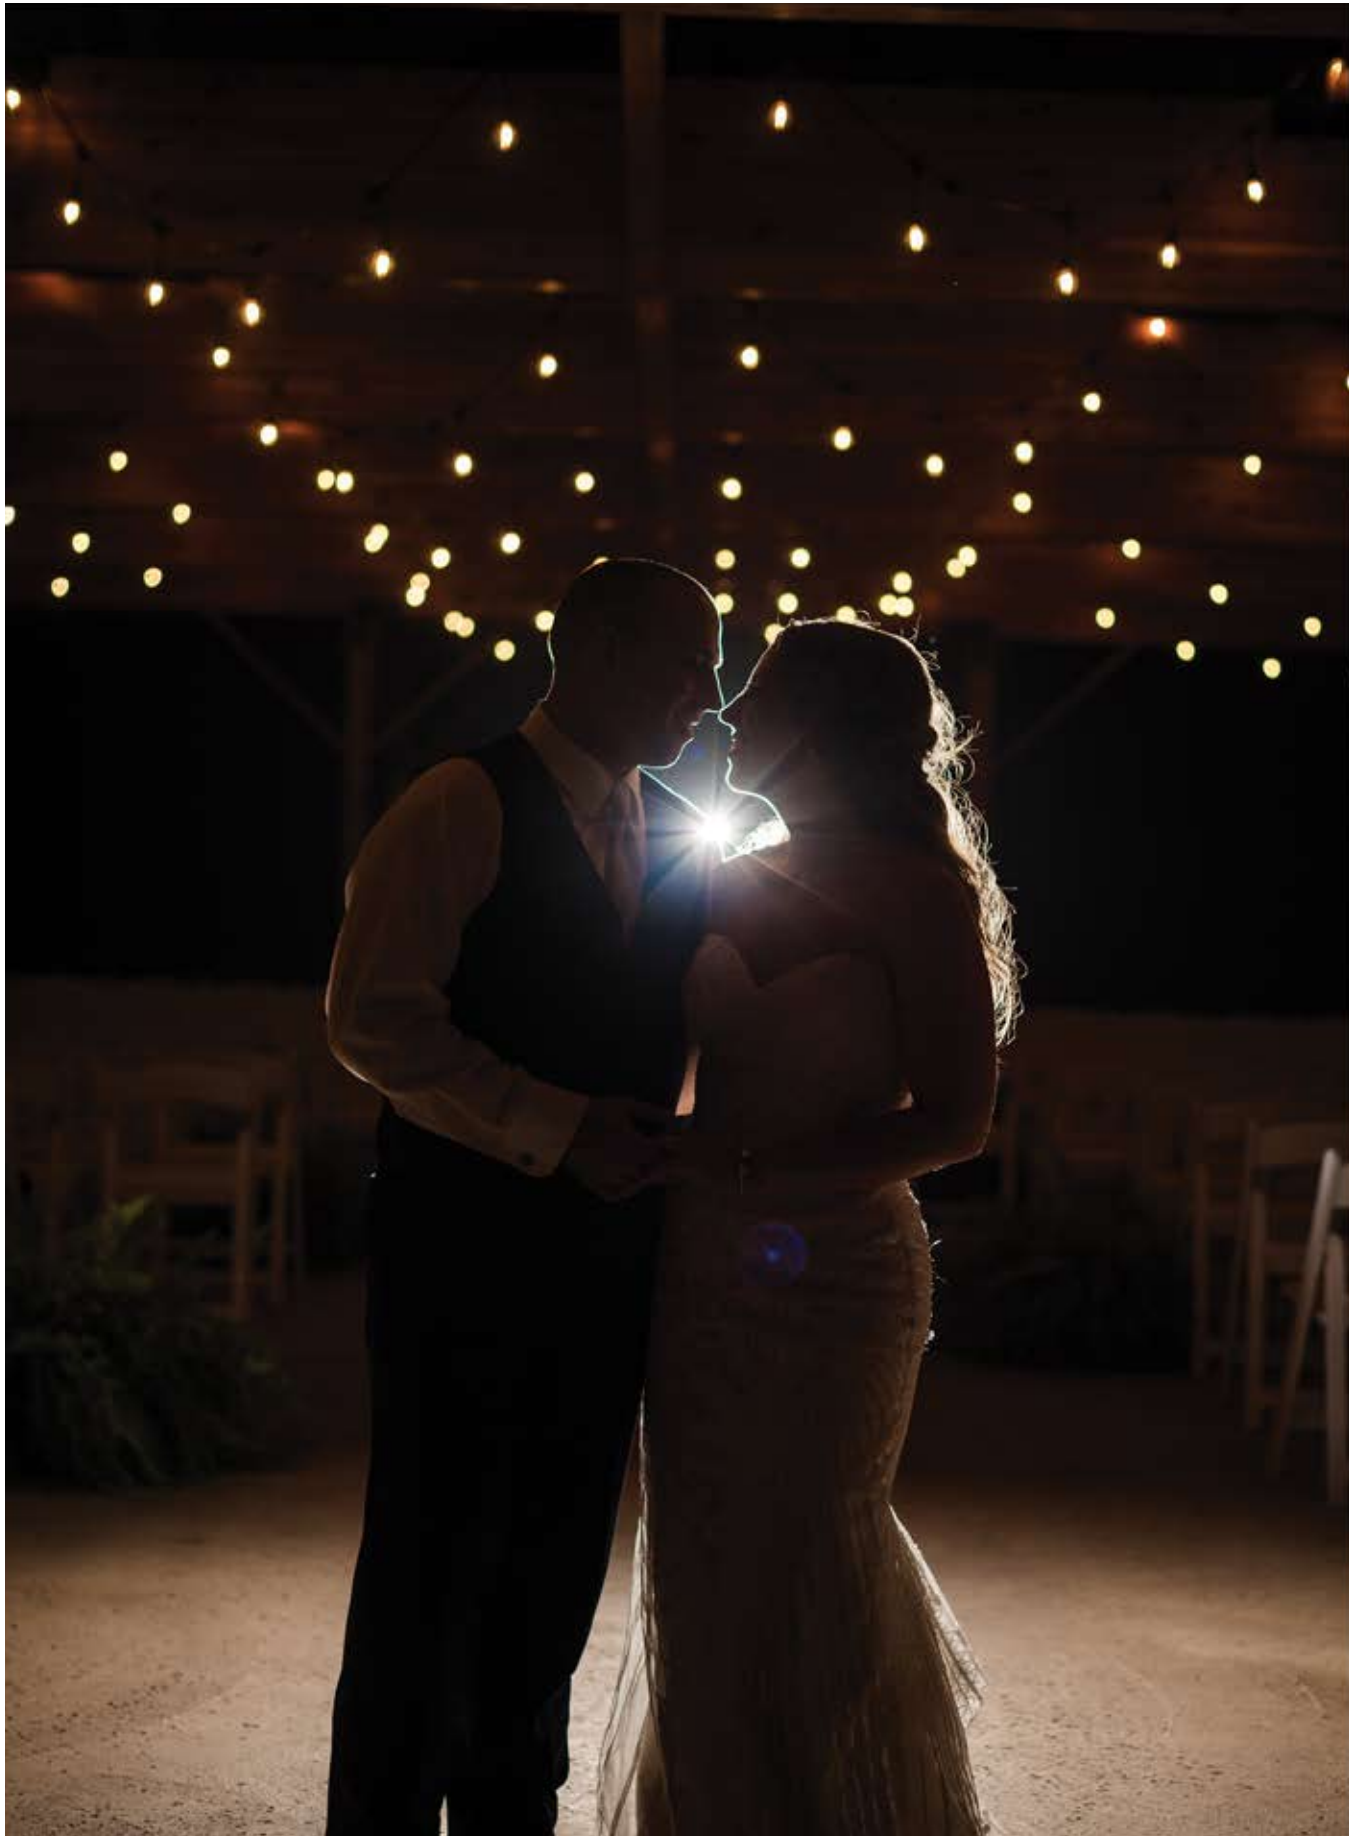

USE OF ALL IMAGES

All packages include a print release. This means you are able to download/print/save your photos wherever you would like for personal use. There are no additional fees for digital copies of your wedding photos.

ONLINE GALLERY

The online viewing gallery is a link we provide you where you can view, download and print the photos from your wedding. If you choose, you can share this link with family and friends and they are able to download the images, with no watermark, to share on social media or print.

Frequently Asked Questions

HOW LONG DOES IT TAKE TO GET MY PHOTOS BACK?

We know it can be can be excruciating waiting to see all the pictures and relive the big day! As such, we guarantee you'll have your photos back within two weeks after your wedding date, unless you've requested extensive retouching. If we do not provide your photos on time, we will provide you a \$25 print credit every day until provided.

HOW DOES PAYMENT WORK?

When you book a wedding with us, a deposit equal to 25% of the total cost is due. The remaining amount is due 2 weeks before the wedding. The remaining amount can also be paid monthly if preferred. All payments may be made on a credit card or with a check.

DO YOU HAVE BACKUP EQUIPMENT?

Photography equipment is like anything with electronics and mechanical parts - they break, usually at the least opportune times. That's why each of us carry two cameras. Additionally, each camera records every photo we take to two SD cards. As soon as we get back after a wedding, we immediately copy the photos to our computer and back them up to Google Drive.

WILL YOU
HELP WITH MY
TIMELINE?

Of course! A good photographer should always be involved in the developing the wedding timeline. This ensures the day flows smoothly and we can schedule enough time to make sure we capture the moments that are important to you.

Frequently Asked Questions

HOW DO YOU MAKE US FEEL RELAXED IN FRONT OF THE CAMERA?

Most couples choose an engagement session so we can work together before the day of your wedding to build up trust. A few jokes to get those smiles showing never hurts either! And of course, allowing a lot of time for photos so you don't feel stressed.

DO I HAVE TO ORDER PRINTS THROUGH YOU?

No! You are under no obligation to print all of your photos only through us. However, the lab we use will provide the best color accuracy and highest quality as our computer monitors are calibrated for their printers. Additionally, the paper we print on is Fuji Deep Matte, which emphasizes pure whites and rich elegant color reproduction and has a typical longevity of 100 years.

DO YOU PHOTOGRAPH ELOPEMENTS?

Our minimum package for Saturdays is \$1,799. If you are having an elopment or small wedding on another day of the week, please contact us for a custom quote.

HOW DO WE RESERVE OUR WEDDING DATE?

First things first, call me (Emily) at (830) 433-7070 or email me at emily@gpweddings.com to make sure we're available for your wedding day. If so, we can schedule a time to meet in-person so I can hear your vision and make sure we're a great match!

830.433.7070 / gpweddings.com

NEXT STEPS

Let's meet! I'd LOVE to meet you so I (Emily) can hear what you're envisioning and make sure we're a GREAT match.

Reach out to me so I can make sure we're available and setup a time for me to treat you (and anyone else you want to bring!) to dessert at 2tarts! Please call me or email me (info below).
